

April

REBECCA SASS

STUDENT OF THE MONTH

Becton's April Student of the Month is varsity debate team captain, Rebecca Sass. Known as 'Becca' by her friends and peers, she has impressed the Student of the Month committee with achieving an overall GPA of 99.3.

With senior year approaching its final marking period, Becca has taken the final step in the college search process, committing to Stevens Institute of Technology in Hoboken, New Jersey. There, she hopes to pursue a major in mechanical engineering with a concentration in aerospace engineering.

"I'm looking forward to this next chapter in my life. While I'm going to miss my friends, I look forward to college," she stated, eager about attending Stevens in the fall.

Becca has earned the honor of Student of the Month by consistently challenging herself throughout high school with rigorous schedules full of Advanced Placement classes. Some of her favorite classes this year include calculus, AP Chemistry and AP Physics. She has also managed to squeeze AP English and AP Government and Politics into her daily routine.
