

SEPTEMBER

★ PRARTHANA RAJAI ★

STUDENT OF THE MONTH

It is an honor to recognize our student of the month for September, who is also the valedictorian of her class.

Prarthana Rajai is involved in numerous activities at Becton. She was on the volleyball team her freshman, sophomore, and junior years and she is also a member of the Environmental Club, Math League, Key Club, Debate Team, and the school newspaper.

In addition, September's student of the month extends herself beyond Becton by being a volunteer at the *Hackensack University Medical Center* as well as the *East Rutherford Emergency Medical Squad*.

This year she will represent Becton on the *Bergen County Junior Commission* on the status of women which is quite an accomplishment. This summer she was selected and attended the *2014 Health Careers Institute at Dartmouth University*.

**On behalf of the board of education and the administration,
we are proud to present the student of the month award
for September to Prarthana Rajai.**

Congratulations!
